Chh. Sambhajinagar, Maharashtra

## SUMMARY

Recent graduate with a strong foundation in software development and computer science principles. Proficient in programming languages such as Python, Java, and C++, with hands-on experience gained through academic projects, internships, and personal coding endeavors. Adept at problem-solving, debugging, and writing clean, efficient code. Eager to apply my knowledge and skills to real-world software engineering challenges and contribute to innovative solutions in a collaborative team environment. Passionate about learning new technologies and continuously improving my technical abilities.
